INDEX

The Journal of Periodontology, Volume 33, 1962

JANUARY

Alterations in the Pathway of Gingival Inflammation into the Underlying Tissues Induced by Excessive Occlusal Forces	7	Irving Glickman Jerome B. Smulow
A Histopathologic Study of Periodontal Disease in the Chinese Hamster with Hereditary Diabetes	14	Gerald Shklar M. Michael Cohen George Yerganian
The Occurrence of Dental Calculus Through Several Successive Periods in a Selected Group of Subjects	22	J. C. Muhler J. Ennever
Reaction of Gingiva to Orthodontic Force: A Clinical Study	26	V. S. Iyer
Morphologic and Histochemical Observations on the Human Dental Cuticle	29	F. W. Wertheimer Harold M. Fullmer
Case Report	40	Henry B. Fitch Charles C. Alling
Book Review	44	
The Effect of Changing the Salivary Environment Upon the Progress of Calculus Formation	45	Samuel Turesky Grete Renstrup Irving Glickman
Reattachment of Epithelium and Connective Tissue Following Gingival Injury in Rats	51	S. S. Stahl P. Person
Histologic Study of Healing of Split Thickness Flap Surgery in Dogs	56	Harry Staffileno Frank Wentz Balint Orban
"Case Presentation and Economics in Relation to Periodontic Practice"	70	Edgar James
California Academy of Periodontology Honors A. W. Ward	78	Raoul Blanquie
President's Address	82	B. O. A. Thomas
Letter to the Editor	92	
Announcements	21, 28, 50, 69, 80, 81, 87, 88, 89, 90, 91, 92	

APRIL

A History of Periodontal Surgery and Suggested Changes in Terminology and Nomenclature	101	Lacy C. Beckham Alvin D. Cederbaum Leon Levy Robert O'Connell Albert Salkind
Studies on Bacteremia Following Oral Surgery: Some Prophylactic Approaches to Bacteremia and the Results of Tissue Examination of Excised Gingiva	105	Manuel Gutverg Sol Haberman
A Technic for Sampling Deep Periodontal Pockets for Bacteriological Analysis	115	Edward G. Wilkinson
Studies in the Alteration of Vestibular Depth	120	Harry M. Bohannan
A Comparative Investigation of Two Mucogingival Surgical Methods	129	Norman Roy Arnold Charles Mitchell Hatchett, Jr.
Periosteal Separation—Its Clinical Significance	140	Herman Corn
Precautions and Hazards in Periodontal Surgery	154	Morris Bradin
Clinical and Roentgenographic Evaluation of the Post Treatment Healing of Infrabony Pockets	164	Benjamin Patur Irving Glickman
A Method of Using a Fabric Lining Material Under Periodontal Packs	172	Joseph G. Schultz
A Study of the Characteristics of Stippling and Its Relation to Gingival Health	176	Alan H. Greene
Vital Staining of the Periodontium of White Mice	183	R. E. Stallard E. M. Schaffer

Studies on Experimental Calculus Formation in the Rat. II. Effect of Calcium, Phosphate, Bicarbonate	186	Samuel Kakehashi Paul N. Baer Carl White
Peripheral Giant Cell Reparative Granuloma Following Periodontal Surgery	190	Robert Gottsegen
Observations of the Effects of an Electric Toothbrush. Preliminary Report	195	Charles L. Berman Ellen N. Hosiosky Austin H. Kutscher Audrey Kelly
Case Report	200	Clodomiro Mora
Letter to the Editor	202	
Announcements	119, 139, 153, 163, 171, 175, 182, 185, 189, 194, 198, 199, 201, 202	

JULY

A Study of Periodontal Hazards of Third Molars	209	Major M. Ash Emmett R. Costich James R. Hayward
Removal of Crevicular Epithelium by Ultrasonic Curettes	220	Harry Nadler
A Comparison of the Postoperative Bacteremias Induced Following Different Periodontal Procedures	226	Norman A. Korn Erwin M. Schaffer
Elimination of Extraneous Material from the Gingival Crevice	231	Paul M. Harvey
A Dressing for Major Periodontoplastic Operations	238	Torsten Castenfelt
Modification in Postoperative Treatment of Denuded Bone in Periodontal Surgery	241	Anatol T. Chari
Clinical and Systemic Findings in Periodontal Disease	243	Timothy J. O'Leary Ira L. Shannon John R. Prigmore
The Value of Three Dimensional Studies of Periodontal Lesions, Periodontal Surface Profiles	252	Harold R. Stanley
The Influence of Antibiotics on the Healing of Gingival Wounds in Rats. I. Alveolar Bone and Soft Tissue	261	S. S. Stahl
Case Report	266	C. W. Newman David Rosenbaum
Intracoronal Splinting of Mobile Teeth by Use of Screws and Sleeves	270	Grant E. Overby
Studies on Periodontal Disease in the Mouse. V. The Milk Factor	276	Paul N. Baer Lyman B. Crittenden
Periodontics and the U. S. Naval Dental Corps	278	Charles T. Pridgeon
The Response of the Gingival Sulcus to Instrumentation: a Histological Investigation. I. The Scaling Procedure	282	Bernard S. Moskow
Letters to the Editor	296	
Announcements	219, 225, 240, 260, 269, 277, 291, 292, 293, 294, 295, 296	

OCTOBER

For the October index, see page 300 of this issue.

CONTENTS

Chemical Analysis and Microradiography of Cementum and Dentin from Periodontally Diseased Human Teeth	303	Knut A. Selvig Helmut A. Zander
Lesions of the Interdental Gingival Septum and Their Effect on Therapeutic Procedures	311	A. H. Melcher
Antarctic Environment and Gingival Health	315	John S. Lindsay Arne G. Nielsen
Sound Transmission Used for Studying Masticatory Force Distribution Patterns	322	Julian R. Conant
Mucogingival Surgery: The Apically Repositioned Flap	328	Nathan Friedman
Periodontal Pathosis in Man: I. Effect of Relatively High-protein Low-refined-carbohydrate Diet upon Sulcus Depth	341	W. M. Ringsdorf, Jr. E. Cheraskin
Book Review	343	
Clinical Observations of Gingiva of Patients on Norethynodrel Therapy	344	Charles F. Sumner III Paul N. Baer
Fundamentals and Technique of Surgical Periodontal Packing	346	Raoul H. Blanquie
Case History . . . Gingival Traumatization —A Habit	353	Thompson M. Lewis
Studies in the Alteration of Vestibular Depth. II. Periosteum Retention	354	Harry M. Bohannan
Journal of Periodontology Back Issues Needed	359	
A Modern Adaptation of the Telescopic Principle in Periodontal Prosthesis	360	John Prichard Morris Feder
The Effect of Hypophysectomy on the Periodontium of the Albino Rat	364	Stewart Shapiro Gerald Shklar
A Microradiographic and X-ray Densitometric Study of Cementum	372	Narendar N. Soni Grant Van Huysen Henry M. Swenson
Factors Influencing Negative Tissue Response after Periodontal Therapy	379	Howard L. Ward Sanford Kirsch
Effect of Tooth Brushing on Deposition of Calculus	386	William Earl Sanders Hamilton B. G. Robinson
Report of Committee on Practice Administration	394	
Letter to the Editor	402	
Index to Volume 33	403	
Announcements	371, 385, 391, 397, 398, 399, 400, 401, 402
